

The MO

Medical Network
Educating. Understanding. Healing.

You had me at "Hello MO!"

MO is a conversational AI that can answer any medical question without the excessive jargon. MO provides information in an accessible way, both verbal and visual, to reach patients at any literacy level.

Treatment without the hassle

The MO Medical Network focuses on making maintaining a treatment plan as easy as possible. With the MO Medical App, patients are able to track their treatment plan, get medication reminders, and in-depth descriptions of medication use and purposes.

Healthcare made fun

The MO Medical Network not only helps with maintaining treatment but also helps patients increase their personal health literacy through engaging and educational activities relating to their specific condition.

By providing medical information to patients at a level they can understand, MO ensures that patients are fully educated about the conditions that are relevant to them.

MO empowers patients to take control of their medical care. MO offers advice on how to get the most out of your time in a medical office and ensure that you get the info you need from your doctor.
